Ladbrokes makes every effort to ensure that we do not make errors in accepting bets. However, if as a result of human error or system problems a bet is accepted (which includes but is not limited to the odds, handicap provisions, and other Terms & Conditions or details of the bet) that is: i. At a price materially different from those available in the general market at the time the bet was made;

ii. At a price clearly incorrect given the chance of the event occurring at the time the bet was made; iii. Inconsistent with the original bet slip (where available); then Ladbrokes will pay winnings at the correct price or as per the original bet slip. To establish the correct price Ladbrokes will consider prices available in the general market at the time the bet was made, including the prices offered by our retail competitors. Examples of circumstances where this would apply are:

i. The price is recorded as 100-1 when the price on offer in the general market is 10-1 ii. The margins for Handicap betting have been reversed. If a bet is accepted in error by Ladbrokes on an event or outcome for which no Ladbrokes prices are available the bet

IBAS rule on disputes about betting and gaming transactions but do not deal with service related issues. Once you have obtained a Ladbrokes Customer Care reference number for your dispute, you may contact IBAS via their website al www.ibas-uk.com or by calling 020 7347 5883. If, notwithstanding the above, you issue Court proceedings, Ladbrokes reserves the right to apply to stay those proceedings pending determination by IBAS. The query, complaint or dispute is confidential. However, you are allowed to discuss it with your advisers (including lawyers, financial advisers, health professionals and insurers on terms which preserve confidentiality), with any relevant regulatory body (including the Gambling Commission) as is required to enforce the outcome; with IBAS; and if required by law or regulation.

Miscellaneous Provisions
If any of the Rules are determined by any competent authority to be invalid, unlawful or unenforceable to any extent, such term, condition or provision will to that extent be severed from the remaining terms and conditions which will continue to be valid to the fullest extent permitted by law. No failure or delay by us in exercising any right under the Rules shall operate as a waiver of this right. Similarly, any single or partial exercise of any right shall not preclude any further exercise of any of these rights or the exercise of any other right. Nothing in the Rules shall be construed as further exercise of any of these rights or the exercise of any other right. Nothing in the Rules shall be construed as creating any agency, partnership or any other form of joint enterprise between you and us. You may not assign, transfer, charge or otherwise deal in our rights under the Rules without our prior written consent. We are entitled to assign, transfer, charge or otherwise deal in our rights under the Rules as we see fit. Unless expressly stated, nothing in the Rules shall create or confer any rights or any other benefits whether pursuant to the Contracts (Rights of Third Parties) Act 1999 or otherwise in favour of any person other than you and us. The Rules shall be governed by and interpreted in accordance with the laws of England and Wales and you irrevolably submit to the exclusive jurisdiction of the courts of England and Wales. The Rules represent the entire agreement between us in relation to the subject matter of the Rules and supersede any prior agreement, understanding or arrangement between us, whether oral or in writing. You agree that you shall have no remedy in respect of any misrepresentation which has not become a term of the Rules and such term has become a term of the Rules.

Acceptance of Bets in Shops

Bets are placed with Ladbrokes by writing instructions on a betting slip or completing a Quick slip. A Quick slip is like that used by the National Lottery/Lotto and requires you to indicate your stake, selections and bet type by marking a horizontal tick in the appropriate box. We reserve the right to refuse to accept the whole, or any part of any bet offered to us. A bet will be struck in our EPoS (Electronic Point of Sale) system and a contract will be established between us when your betting slip has been paid for and we have provided you with a valid betting receipt. Each valid betting receipt has a unique bet ID number printed on it, the date/time of acceptance, plus an image of your bet (or printed details of your bet in case of Quick slip). For your bet to be valid, the bet ID number and image or printed bet details must be requistered on our FPoS system. No bet is valid until we have provided you with a receipt showing that the bet must be registered on our EPoS system. No bet is valid until we have provided you with a receipt showing that the bet has been accepted by us. You acknowledge that by placing a bet you are not relying on any statement of any Ladbrokes employee regarding the subject matter of the bet. You acknowledge that there is a risk of losing money when gambling in our shops and by placing a bet, you accept full responsibility for any such loss. You should check your receipt to verify that your bet instructions, stake paid, and any odds (where applicable) have been correctly recorded before leaving the shop. It is your sole responsibility to ensure that your receipt reflects the bet you intended to place as mistakes cannot be rectified after the event(s) have commenced. This includes where a selection may have been incorrectly captured or omitted by our system during the acceptance process. If the details on the original betting slip are incorrect or the image unclear, the bet will be made void and you will be asked to complete a new slip before the chosen event commences. Where you regularly place a particular type of bet, but inadvertently omit the instructions, we reserve the right to refer to your previous betting history in order to settle a bet where circumstances permit.

an event or race that has already started then the bet will be void and your stake returned, except in the circumsta outlined below. If a bet is taken after the start of an event it will still be valid if it is placed before the automatic For horse races the following "no more bets times" will apply after the start depending on the race distance: 6 Furlong 200 yards and under - 7 seconds; 6 Furlongs 201 yards up to 1 mile - 12 seconds; Over 1 mile up to 1 mile & 7 furlongs - 1 control wile - 2 february - 2 febru For greyhound races, the automatic "no more bets time" is set at 5 seconds after the start of the race (10 seconds for

Late Bets - Bets can only be placed on the outcome of a future event or race. If Ladbrokes mistakenly accepts a bet for

Australian greyhound races, the automatic "no more bets time" is set at 5 seconds after the start of the race (10 seconds of Australian greyhound races). For virtual racing/sports the automatic "no more bets time" is set at 5 seconds after the start of the event. In the case of real football matches, bets will remain valid where 'Betting in Play' on the selected market is available. Where it is not available, bets will be valid if they are placed within five minutes of kick-off, providing there has been no score in the match or no player has been sent off or there has been a goal, or a penalty has been awarded but not yet taken, then the bet will be void and the stake returned. For any other sports please see our Website.

Taking a Price - In order to take a price on a bet or selection our staff must mark the correct price on the betting slip prior to the bet being processed. If the price has been written on by a customer, it must be verified on the betting slip by a member of staff in order to be valid. If the price has not been verified by a member of staff, the bet will stand if the price was correct at the time the bet was placed - if the price was incorrect, the bet will stand at the correct price at the time the bet was accepted. If a price is taken on a selection it will be applied to that selection every time it appears on the slip, unless the bet instructions on the slip specifically state otherwise. If no price is indicated on the slip, the bet will be settled according to the Starting Price ("SP") where available, or, in the case of sports betting, on the valid price at the time the bet was placed. If Tote or PMU is not specifically stated at the time the bet is placed, bets will be settled at the industry SP if available. If no industry SP is available, bets will be settled at the Ladbrokes SP. Where there is no Ladbrokes SP, bets will be settled at the standard Tote or PMU return even if this was not specifically stated. For 'coupling' to take effect, PMU must be written on the slip at time of placement. n addition to the above there may be occasions where the 'Best Odds Guaranteed' ("BOG") pr

specified races. In such instances there is a similar requirement for individual prices to be marked and/or initialled on the slip by a member of staff. Where there is a high volume of customers, members of staff may offer a customer the opportunity to have their slip marked with the letters 'BoG' which will automatically assign the latest price for each qualifying selection throughout the slip, as recorded in our system at the time of bet acceptance. Should customers agree, individual prices will not be recorded on the slip, which will be marked 'BoG' instead. Please note that the maximum unit stake for any bet accepted on this basis is 20p. Any bet inadvertently accepted with a unit stake greater than this will be settled at 'Starting Price', irrespective of 'BoG' being referenced.

Paying for Bets
Payment for bets can be made as follows: Cash

· Ladbrokes betting vouchers • Debit Card* **

Grevhound racing outside of the UK

· Bank or building society banker's draft* (if this is arranged in advance with the shop manager)

*For payment by banker's draft or debit card, please allow at least 15 minutes for staff to complete our clearance procedures. These procedures need to be completed before the bet can be accepted. ** Where payment for a bet is made directly by Debit Card in shop, any returns must go back to the same card and cannot be withdrawn as cash.

For most bets in our shops there is a minimum stake of 20p a slip (50p for football coupons). For multiple bets the minimum stake unit is 1p. Bets accepted in error for less than the minimum unit stake will be settled accordingly. Payment of Winnings
Winnings will be paid on production of a valid unpaid betting slip (receipt) at any Ladbrokes shop. You agree that you
will seek to claim any winnings as soon as possible after a winning bet is settled. For security reasons large amounts of
cash are not held on the premises and Ladbrokes reserves the right to pay winnings by bank transfer either in full or in
part. The majority of bets can be paid out immediately, but in some cases, there may be a delay of up to five working
days whilst the bet validation and associated security checks are completed. We also reserve the right at our sole
discretion, to request Photo ID in order to verify a customer prior to making payment on any bet.

If a receipt is lost, the customer should return to the shop where the bet was placed with some proof of identity (e.g. Driving Licence or Passport). A Lost Receipt Form will then need to be completed. Payment will only be made once the shop records have been checked. If payment has already been made on the original receipt (e.g. because someone else has cashed it), it cannot be made again.

Maximum Payouts

Unless otherwise stipulated on the product itself (e.g. football coupon etc), the maximum daily pay out on any bet, or bets, including Ante Post, is as detailed below. The maximum payout limits apply to individual events. The limits below refer to the total return on the bet, excluding the original stake. Please familiarise yourself with these limits. If a multiple bet has been placed which involves events with different maximum pay out limits, the lowest limit will apply. All maximum pay out limits apply to any one customer, or group of customers that we believe are acting together, who have backed the same combination of selections, including where placed in a series of bets, at a range of prices, over a number of days using different betting accounts and/or across different betting channels. Should we have reason to believe that a number of bets have been placed by a particular group of customers in this way, the total payment of all those bets combined will be limited to one single maximum pay out. Ladbrokes shall not be liable for any loss of profits, loss of anticipated savings, loss of goods, or any special, indirect, consequential or pure economic loss, costs, damages, charges or expenses. Throughout these Rules, 'Full Service' refers to horse and greyhound races for which full details (shows of betting, official off times and results) are broadcast to Ladbrokes and viewable in our shops by satellite and terrestrial media.

In the case of Football and other Sports, bets are settled on the first result published by the official source/gov

In the case of Football and other Sports, bets are settled on the first result published by the official source/governing body or alternatively the official website of the relevant event, immediately after the match/event is finished. Any subsequent corrections or amendments to this result will not apply for settlement purposes. In the event of a shortener season due to unforeseen circumstances, settlement of related bets will be based on the official result announced for that competition by the sports' governing body. Bets will stand on any team that does not complete all its fixtures. It the result is not immediately available from the official source/governing body or the official website of the relevant event, or there is significant evidence that the official source/governing body or official website is incorrect, we will use independent sources such as the Press Association to decide settlement. In the absence of any consistent, independent evidence or in the presence of significant conflicting evidence, bets will be settled based on our own statistics.

Price Changes - All prices are subject to change and may, on occasion, be restricted to certain stake levels. The prices offered via our other business channels, such as on the internet, at our Call Centre or at our on-course betting facilities may be different from those available in our shops. Prices may also vary slightly from shop to shop. There are different types of prices available for different events, as follows:

Early Prices - Prices for certain races on the day of the event. These prices are advertised after the Final Declarations have been made for a race. They are available each day for selected races up to the first show of prices from either the live Ladbrokes traded show or the on-course market, as offered. If an Early Price is given in error on a bet after the first show has been announced, the bet will be settled using the price available from the live Ladbrokes traded show or oncourse market offered at the time the bet was placed. Board Prices (also referred to as 'Show' prices) - In horse and greyhound racing these prices are generated by the live

Ladbrokes traded show or on-course market, as offered. They are available approximately 5-10 minutes before the start of each race. The current Board Price can be taken as long as there are three or more runners. If a selection is withdrawn from a race, no further Board Prices will be available until a new on-course market has been formed. Starting Prices ("SP") - In horse and greyhound racing, where a price is not taken at the time of bet acceptance, your bet will be settled at SP. For UK/Irish racing, this is the final price available at the start of the race and is derived from a combination of both 'on-course' (where available) and 'off-course' betting markets. For more details on how the SP is calculated, please see www.thesprc.org. For information on SP bets placed on International Racing, please refer to No Official Starting Price Returns - If no on-course SP is returned, bets will be settled at the Industry (off-course) SP. In the event of neither an Industry SP, nor an on-course SP being returned, selections for a horse race where a price has not been taken will be settled at Tote returns if available. Selections for a greyhound race where a price has not been

Each-Way Bets

In other cases, including Horseracing Ante Post, selected 'feature' Horseraces, Greyhound, Football and Sports betting events, Each-Way terms will be available as advertised at the time the bet was placed.

For all Virtual Racing and Virtual Sports events, Each-Way terms will be available as advertised at the time the bet was

Horses - Bets are accepted on unnamed 1st and 2nd favourites only. Bets on other unnamed favourites will be void. Greyhounds - Bets are accepted on 1st favourites in all greyhound races and 1st and 2nd favourites in full schedule races. Any other bets on 2nd or 3rd favourites will be void. General - All bets on Unnamed Favourites are settled at SP. If two runners are returned at the shortest price, they

will be treated as Joint 1st and Joint 2nd favourites and stakes for bets on either first or second favourites will be divided equally when the bet is settled. Where three or more selections start as co-favourites, the stake will be divided proportionally. This also applies for bets on unnamed 2nd favourites. If the favourite is withdrawn and no new market is formed, bets placed on the favourite will be void, except in Placepot bets when the next shortest priced horse is substituted. Should there be more than one horse at the next shortest price then the one with the lowest racecard number will apply. Bets on the favourite are win only. If an Each-Way bet is accepted in error it will be settled as full stake (win and place

If a number is stated on the betting slip and it is unclear as to which selection it refers, the stakes shall be split proportionately over any reasonable interpretations of the selection. The following rules explain how bets will be settled if the selection named is unclear: i. Selection taking part in more than one race on the same day – If the selection is advertised to run in more than one race on the same day, the bet will be settled on the race (and meeting) taking place at the time stated in the bet instructions. If no time, or an incorrect time is stated, the bet will be settled on the first race the selection runs in. ii. Name stated incorrectly – If the name of the selection does not refer to a runner in the selected race, the bet will stand if it is clear which selection was intended. If more than one name can be interpreted, the stake will be divided equally between the selections that could have been intended.

iii. Selection repeated in multiple bets – If the same selection is included more than once in a multiple bet it will be treated as a non-runner where it appears for the second (and any further) time. iv. Horse/greyhound with the same name – If a selection is stated which could be applied to either a horse or greyhound running on the same day, the bet will be settled on the horse unless it is clear that a greyhound was intended, e.g. other greyhound bets were placed at the same time. If the selection is included in a horse multiple bet, the horse will count as the selection, and if it is included in a greyhound multiple bet, the greyhound will count as the selection. If it is included in a multiple bet which involves both horses and greyhounds, it will be settled on the horse. If one of the selections has already run, the bet will stand on the remaining selection(s).

If both names include a suffix but neither is stated, or in the rare instance of 2 selections running with the same name and no differentiating suffix, the bet will be settled on the first one to run, unless the time shown on the slip makes the selection clear. vi. No selection stated – If a race time or meeting is stated without a selection, the bet will stand for the 1st favourite in that race. If the bet is Each-Way, the win part will be settled as normal but the place part will be void. This also applies if the word 'Trap' is stated without a numbered selection.

If there is more than one race/event taking place at the same time then the stake will be divided accordingly. In multiple bets the selection will be void.

iv. No time/Incorrect time and the meeting named is not taking place – If the named horse or greyhound meeting i not taking place, the bet will be settled on the next race to run according to the type of meeting named. In multiple bets, the selection will be void. v. No time stated but meeting named – If no time is stated but the meeting is named, all single bets will be settled on the next race to run at the meeting named. In multiple bets the selection will be void unless the sequence of selections detailed on the slip makes the intended time clear.

vi. Incorrect time but meeting named – If the meeting named does not have a race at the time stated, all single bets (including Forecasts, Tricasts, etc) will be settled on the meeting which does have a race at the time stated. The stake will be divided equally if there is more than one meeting with a race at that time If there is no meeting with a race at the time If there is no meeting with a race at the time stated, all single bets will be settled on the next race to run at the meeting named. In multiple bets, the selection will be settled on the meeting which does have a race at the time stated. If there is more than one meeting with a race at that time, the selection(s) will be void. If there is no meeting with a race at that time, the selection will be void. There is no meeting with a race at that time, the selection will be void. This applies unless the sequence of selections detailed on the slip make it clear which time was intended. viii. Price taken identifies the intended race – If a price on a numbered selection has been taken and the selection and race on which that price was available when the bet was placed can be identified, the bet will stand for that race. This applies irrespective of the race time detailed on the betting slip. In the case of single bets if there is more than one race for which the numbered selection and price can be identified, the stake will be divided accordingly. For multiple bets the selection will be void unless the sequence of selections makes it clear which race was intended.

ix. 'Through-The-Card' (TTC) stated but no meeting named – If the numbered selections stated can be applied to greyhound racing, the bet will be settled on the next meeting due to take place on the full schedule after the bet was accepted. If no meetings are due to take place on the full schedule, or have already started, the bet will be void. x. Greyhound race instructions which can apply to different races – Where instructions such as 'Last Ten Races', 'Firs Four Races', or 'Through The Card' are detailed on the betting slip, bets will be settled as instructed, even if this involves races outside the full schedule. This applies unless the staking or time the bet was placed suggests that the bet was intended to only apply to races on the full schedule e.g. if a meeting on the full schedule consists of 10 races and four further races, a Through The Card bet which is staked for 10 races will be settled on the full schedule races

If a slip has been overstaked, the total returns from the whole of the slip will relate to the amount actually paid and calculated accordingly, thereby increasing any return due (ie: the return will be multiplied by the amount paid and divided by the amount that should have been paid). No overstaking will be returned, if there is only one selection on the slip and the stake unit does not correspond to the total amount paid, the total amount paid will determine the stake (eg: a £5 win with a total stake of £10 will be settled as a £10 win. Whereas a £5 Each Way with a total stake of

If not enough is staked on a football coupon, all bets will stand and will be settled in proportion to the amount paid. Perms will be treated as one column and the total amount staked will be divided equally amongst the columns.

If a conditional Ante Post bet is accepted in error the conditional instructions will be ignored for settlement purposes (e.g. a Single Stakes About bet involving Ante Post selections will be settled as separate singles). Instructions must be clear and should be verified by a member of staff a the time the bet is placed. If an instruction is unclear or ambiguous, then the bet will be settled to the full stake, ignoring the ambiguous instruction. Tote returns are not accepted in conditional bets. If accepted in error, the bet will be settled at the Starting Price. Any to Come (ATC) & Single Stakes About (SSA/Up and Down) -In Any to Come bets it must be clearly stated from

which selection(s) the conditional stake is to be taken and the specific amount to be re-invested. If a specific amoun or 'All on' has not been stipulated, then the stake unit on the selection immediately preceding it will be taken as the amount to be re-invested. Should the preceding bet be a multiple one, then the maximum individual stake on that be nine the amount. Cash from one selection cannot go on to the same selection or event. In the event that An to Come is accepted in error for the same selection or event, then the second selection will be treated as a non-runr Bets will be processed in the order stipulated as far as funds will allow in accordance with the bet instructions. Sho Bets will be processed in the order stipulated as far as funds will allow in accordance with the bet instructions. Should there be insufficient cash on hand to cover the whole bet, the Any to Come instruction will be followed as far as the cash will allow. Where there is insufficient cash to cover ATC bets involving Each-Way Singles, Doubles, Trebles etc, the bet will be settled in proportion to the amount available (i.e. the returns will be multiplied by the amount paid and divided by the amount which should have been paid.). Where there is insufficient cash in hand to cover reversed or combination forecasts in any one race, the stake will be equally divided and an Up and Down bet will be settled as singles. Up and Down bets are taken to equal stakes; any excess stake is treated as a single on that selection. In deciding which part of the bet the Any to Come is to be taken, or to which part the Any to Come is to be applied, a drawn line will be interpreted as indicating the end of one bet and the beginning of another. Where crosses are used to indicate a Stakes About bet, settlement will be made as Single Stakes About, irrespective of the number of crosses written - bets will only be settled as Double Stakes About if this instruction has been clearly stated.

Stop At a Winner (SAW) and If Lose/If Win - These bets are only accepted on horses and greyhounds. In Stop At a Winner bets, a non-runner is not considered as a winner. The instructions 'If Win' or 'If Lose' will be treated as 'If Win or Non-runner' and 'If Lose or Non-runner'. The 'If Lose' or 'SAW' condition will only be applied to selections in different races. If a SAW bet on selections in the same race is accepted in error, then the bet will be settled as single bets. SAW bets will continue until one of the selections has won; or, in the case of each-way bets, has a return. The bet will be settled strictly in the order requested, irrespective of race times. Where the instruction 'If Winner' or 'Stop at Winner' is given, a dead heat will qualify. Walkovers will be settled as void if they happen as part of a conditional bet. Rules of Racing - We accept bets on specified races staged under Jockey Club and National Hunt Rules in Great Britain

Non-runners and Tattersalls Rule 4 (c) scale of deductions ("Rule 4") · If a horse is withdrawn before it comes 'under Starter's orders', or if the Starter decides that it has not taken part in the race, the selection will be treated as a non-runner If an Ante Post price is taken on a selection, which subsequently becomes a non-runner, the bet will be settled as a

 Winnings on bets placed on the remaining horses in the race may be reduced in line with Tattersalls Rule 4 (c) scale of deductions. The deduction is dependent on the non-runner's price in that market, at the time the bet was accepted. If two or more horses are withdrawn, winnings will not be reduced under the Rule 4 (c) scale of deductions by more than ODE. Each day we will offer Early Prices on selected horse races. These are available until the opening show prices from the racecourse. Early Prices are subject to Tattersalls Rule 4(c) scale of deductions. Should a horse be withdrawn 'not under orders' in an Early Price race, stakes on that selection will be returned. Bets on other runners in the race will be subject to a Rule 4 deduction based on the last Early Price available on the withdrawn horse at the time the bet was

If there is insufficient time to form a new market on the race, SP bets may also be subject to a deduction based or Reduced winnings based on Tattersalls Rule 4(c) scale of deductions

If a Rule 4 applies to a price which falls between the Rule 4 scale listed above, then the lower deduction will always apply e.g. if the price of the withdrawn horse at the time of bet acceptance was 23/10, then the Rule 4 deduction applied wil be 25p. Two Runner Races - If a race has 2 runners, all bets are accepted at Early Prices, Board Prices and SP. Forecast bets are not accepted on 2 runner races. If a forecast bet is accepted in error, or if a race is reduced to only two runners then bets will remain as a "single" on the first named selection at SP. Abandoned/Re-scheduled Races or Meetings - If a race is abandoned or declared void, all bets will be void. If a race

or meeting is re-scheduled to later in the day bets stand. If meetings or races are moved to another day, then all bets placed after the final declarations are void. The only exception to the above is the Grand National (Aintree), where bets accepted after 10am on the day the final declarations are made will stand until that race is run, so long as the overnight declarations and race venue remain unchanged. Note: If a race is moved to a different surface at the same venue after the final declarations have been made then all bets will stand, unless the race distance is changed from the initially advertised race distance by over one furlong for a flat race or by over two furlongs for a race run under National Hunt rules (including National Hunt flat races), in which case bets will be void. Stakes will be refunded on non-runners where either the trainer onts not to run on the new surface or where the horse is abloted out due to a lower safety factor. Bets either the trainer opts not to run on the new surface or where the horse is balloted out due to a lower safety factor. Aggregate Winning Distance - Bets are placed on the aggregate of the winning distances from one race meeting; if the winning distance is under one length the following numerical values will apply: Nose = 0.05, Short Head = 0.1, Head = 0.2, Quarter of a length = 0.25, Neck = 0.3, Half a length = 0.5 and Three quarters of a length = 0.75. The maximum distance for any one race is: 12 lengths (flat race), 30 lengths (National Hunt race including National Hunt flat race). In the event of a walkover the following distances will apply: 12 lengths (National Hunt races including National Hunt flat races), 50 lengths (National Hunt race including National Hunt flat races), 30 lengths (National Hunt race including National Hunt flat race). All distance bets will be settled on the original distance recorded by the winner who was first past the post. However, if a horse has taken the wrong course it will be ignored for distance betting and the aggregate winning distance will then be calculated between the first two runners past the post who have taken the correct course. If a meeting has three or more races abandoned or declared void, then all bets will be void unless the winning over band for the market has already been established, in which case ALL bets will stand (win or lose). If only one or two races are abandoned or declared void, bets will be settled with a default distance used for each abandoned or void race - 6 lengths (National Hunt race including National Hunt flat race), 2 lengths (flat races). Aggregate Winning Distance - Bets are placed on the aggregate of the winning distances from one race meeting; if the Reserves – If reserves are contained within the final declaration stage for a race, Early Prices for all the declared runners will be available, including the reserves. If a declared runner is announced as a non-runner, the market will be revised. All bets struck prior to this announcement may be subject to a Rule 4 deduction, even if the non-runner was one of the reserves.

Acceptance of Bets – Bets are accepted on all greyhound races covered live in shop on our Full Service, and when not covered by our Full Service, on greyhound races from Central Park, Crayford, Hove, Kinsley, Monmore, Newcastle, Nottingham, Perry Barr, Romford, Sheffield, Sunderland, Swindon and Yarmouth. Bets inadvertently accepted on races from any other Greyhound Board of Great Britain & Irish Greyhound Board (GBGB & IGB) tracks not on our Full Service or listed above will be deemed void. Withdrawals/Reserves - If a greyhound is withdrawn from a race, no further Board Prices will be available until a new narket has been formed. If an Early or Board Price is taken and a greyhound is then withdrawn, the bet will be settled at SP. If a Trap number is selected then the bet will be settled on the trap regardless of whether or not a reserve is running However if a price is taken, this price relates to a specific greyhound and if that greyhound has become a non-runner the bet will be void and the stake will be refunded. If a greyhound's name is selected and that selection becomes a non-runner than the selection becomes a non-runner t

runner the bet will be void and the stake will be refunded Re-scheduled races - If a race is re-scheduled to be run later on the same day, bets will be settled as follows: All single bets stand, unless a refund is requested prior to the off of the re-scheduled race Any selections for a re-scheduled race in a multiple bet will stand for that race If the race does not take place all bets will be void

If a Board or Early price has been taken on a re-scheduled race, bets will revert to SP Ante Post - Standard Ante Post rules apply with the following addition: Where a reserve greyhound is introduced into a competition, all bets remain 'all in run or not'. If the re-introduced greyhound goes on to win or be placed in the race, all bets stand. If a reserve is introduced into an event and is not priced, then betting without the additional runner would apply for bets taken up to the addition of the new runner

Trap Challenge - The Trap Challenge is not affected by reserves, vacant traps, void races, meetings which are abandoned after they have started, or races where a Starting Price is not returned. If a race finishes as a dead-heat between two greyhounds, each trap will receive a 'half win', if it is a three-way dead-heat, each trap will receive a 'one-third win' and so on. If a meeting does not start, all bets on an individual Trap Challenge will be void. If a meeting has started and a minimum of three races have resulted, the result of the Trap Challenge will stand. In the event of a meeting (s) being cancelled in a combined meeting trap challenge, bets will be settled on the other meetings providing more than one meeting remains. In the event that only one meeting remains in a combined trap challenge market, the bet will be voided. If two or more traps record the same number of wins, dead-heat rules apply. This bet is available win only. Multiple bets are accepted as long as the bet is not related. If a related bet is accepted in error, the bet will be voided. The Trap Challenge only applies on races at a meeting that features on the Live Schedule, or races between times specified. Aggregate Winning Distance - The Aggregate Winning Distance is not affected by reserves, vacant traps, void races, meetings which are abandoned after they have started, or races where a Starting Price is not returned. The bet is a prediction of the total winning margin (distance between first and second placed greyhounds) of each race at a particular meeting. This market will be displayed in three bands e.g. Crayford Aggregate Winning Distances - under 'x' lengths, between 'x and y' lengths, over 'y' lengths. For races won by less than a length, the following is awarded: Dead-heat=0 lengths, Short head=0.1 lengths, Neck = 0.3 lengths, Vength= 0.5 lengths, 3' length= 0.75 lengths. The maximum winning distance for a race is 10 lengths. If a meeting has one or two walkovers, races abandoned or declared void, then bets will be settled with a default distance used for each walkover, abandoned or void race: 2 lengths. If a meeting has three or more walkovers, races abandoned or declared void, then bets will be void unless the winning band for the market has already been established, in which case all bets will stand. Same rules apply as above for combined meetings (single meeting aggregate winning distance: 2 lengths for walkovers/abandoned/void races - 10

for combined meetings (single meeting aggregate winning distance: 2 lengths for walkovers, races abandoned/void races - 10 lengths maximum awarded per race). If any of the meetings combined has three or more walkovers, races abandoned or declared void, then all bets will be void unless the winning band for the market has already been established, in which case all bets will stand Case all bets will stand.

Money Box - The Money Box is not affected by reserves, vacant traps, void races, meetings which are abandoned after they have started, or races where a Starting Price is not returned. The result of the Moneybox is determined by the trap number to have accumulated the most points during a meeting or combined meetings. The following points system, based on the official result, will apply regardless of the number of runners in each race; 3 for a win, 2 for a second and 1 for a third. If a race contains a dead-heat, each trap will receive a "half win/place" (3 way dead-heat "one third win/ place" etc) and the points will be divided equally between them. For example, two selections that dead-heat for first will be awarded 2.5 points each (points for first and second added and divided by two). Bets are unaffected by reserves, vacant traps, void races or meetings abandoned once they have started. Where no race(s) take place after a bet is struck the bet is void. In the event of a meeting not starting all bets containing the meeting are void. If a meeting has started and a minimum of three races have completed, the result of the Money Box will stand. In the event of a meeting (s) being cancelled in a combined meeting Money Box, bets will be settled on the other meetings providing more than one meeting remains. In the event that only one meeting remains in a combined Money Box market, the bet will be voided. If two or more traps record the same number of points at the end of the meeting, dead-heat rules apply. This bet is available win only. Multiple bets are accepted as long as the bet is not related. If a related bet is accepted in error, the bet will be voided. The Money Box only applies on races at a meeting that features on the Live Schedule, or races between times specified.

Favourites Index - The 'Favourites Index' market relates to the aggregate performance of favourites over the course of a race meeting. The scoring system is as follows: Win = 25 points, 2nd = 10 points, 3rd = 5 points. In the case of joint or co favourites, the favourite will be deemed to be the one with the lowest trap number. In the event of no Starting Price being returned, the favourite will be the runner with the lowest price as published in the Racing Post.If there is a dead heat for any placing, the points for these runners will be added together and divided equally between the number of positions. All bets will be settled on the official result. after the weighed-in signal. If the meeting has 3 or more races abandoned or declared void, then all bets will be void unless a winning market has already been established, in which case all bets stand. When only 1 or 2 races are abandoned or declared void, bets will be settled with a default figure of 10 points applied to each abandoned or void race. In the event of a walkover, bets will be settled with a default figure of 10 points applied to that race. If the favourite is withdrawn at the start of the race and no new market is formed, points will be awarded dependent on the price of the favourite at the time of withdrawal: Evens or less = 15 points, 11/10 to 9/2 = 10 points, 5/1 or bigger = 5 points. If the favourite starts but does not finish the course, no points are awarded.

Virtual Racing and Virtual Sports are a computer-generated presentation of a random number draw, in which each Virtual Racing and Virtual Sports are a computer-generated presentation of a random number draw, in which each number is represented by a different participant (e.g. horse, greyhound, racing car, football team etc). Winners and any placed selections are determined by a random number draw. Odds are set based on the number of times a participant is represented in the draw. The more times the participant is represented in the draw, the better the chances of being selected and therefore the shorter the price. Betting on Virtual Racing/Sports follows the same rules as for real sporting events. Selections taken from Virtual Racing/Sports may be combined with bets on other events (with the exception of other 'Numbers' events). Selections taken from different Virtual Races may be combined in Win and Each-Way multiple bets (e.g. Doubles, Trebles, Accumulators, etc.) Place only bets are not accepted. The place part of Each-Way bets will be settled in accordance with the place terms advertised at the time the bet was placed. For horseracing, a race is described as a handicap to signify the place terms on this race alone; it does not indicate an equal chance for every horse.

Acceptance of Bets - Acceptance of Bets - All football bets will be settled on 90 minutes play (also referred to as Full-time and normal time). This denotes the period of play which includes time added by the Referee for injuries and other stoppages. This does not include scheduled extra time, or penalty shootouts, if played. In matches where penalty shootouts or extra time are due to take place, all bets are settled on 90 minutes unless an Outright price is specifically requested and confirmed at the time the bet is placed. Matches played at neutral venues are marked as such on our coupons - the team listed on the left is still classed as the 'home' team for settlement purposes. A club team playing a European competition is classed as playing at home if the fixture is moved from the team's usual ground to another ground within their national boundaries. If a match is no longer played at the venue advertised, bets will stand as long as the venue remains in the same country and is not switched to the opponent's ground - should this occur, all bets will be void. Bets will be accepted up to the advertised kick-off time or where 'Betting in Play' on the selected market is available. Where it is not available, bets will be valid if they are placed within five minutes of kick-off, providing there has been no score in the match or no player has been sent off. If a player has been sent off or there has been a goal, or a penalty has been awarded but not yet taken, then the bet will be void and the stake returned. For bet in play matches, bets are usually accepted up to the 87th minute although market availability may change depending on the circumstances of the match. In addition, bets are also taken during extra-time and penalty shoot-outs where applicable. Where Ladbrokes has not quoted prices on a match, any single bet on that match will be void and treated as a nonrunner in multiple bets. Football pools panel forecasts of match results and newspaper or pools plans are not accepted or acknowledged for bet settlement Acceptance of Bets - Acceptance of Bets - All football bets will be settled on 90 minutes play (also referred to as

Extra Time Betting - 'Extra Time' is defined as any scheduled period of play between the end of normal time (i.e. 90 minutes play plus any time added on at the end of 90 minutes) and the end of the game. 'Extra Time' does not include penalty shoot-outs. All Extra Time betting markets, such as Correct Score, or Time of First Goal, will start from the beginning of extra time and not include normal time. For example, if the game finishes 2-2 at the end of normal time, and if there are no goals scored in extra time, then the Extra Time Correct Score will be settled as '0-0'. if there are no goals scored in extra time, then the Extra Time Correct Score will be settled as '0-0'.

Goalscorer Bets - All goalscorer bets are offered on selected major games as advertised. Bets are settled on the player to score in the match within 90 minutes. We will make every effort to quote prices for all probable players. However, prices for unquoted players will always be available on request and those players will count as winners in the event that they score. If the only goal scored within 90 minutes is an own goal, then 'no goalscorer' will be deemed to have been the outcome. If a match is abandoned before a goal is scored, all bets are void. This includes 'no goalscorer' bets as these are offered on the basis of 90 minutes being played in the game. If the match is abandoned after goals have been scored, all First Goalscorer bets will stand, any Player to Score at Anytime beat already determined will be paid as winners, but all other goalscorer bets will be void. Where there is a dispute concerning who scored the goals in a match, bets are settled on the first result published by the official source/governing body or alternatively the official website of the relevant event, immediately after the match/event is finished - any subsequent corrections or amendments to this result will not apply for settlement purposes. If the result is not immediately available from the official source/governing body or the official website of the relevant event, or there is significant evidence that the official source/governing body or official website is incorrect, we will use independent sources such as the Press Association to decide settlement. In the absence of any consistent, independent evidence or in the presence of significant conflicting evidence, bets will be settled based on our own statistics.

First Goalscorer - Stakes are refunded on any player who takes no part in the match or who comes on as substitute after the first goal has been scored. Own goals do not count for First Goalscorer purposes and are ignored for settlement purposes. On some matches the First Goalscorer betting may be limited to one specific team. Last Goalscorer - All players taking part at any point of the match are deemed to have played for the purposes of Last count. Score at Any Time/Score a Hat-Trick - All players taking part at any point of the match are deemed to have played for

Next Goalscorer (In-Play) - Requires you to predict the player that will score the next goal in the match. Only available In-Play 90 minutes only, unless otherwise stated. All players that have taken some part in the game before the next goal is scored will be deemed runners. Bets on players that do not take any part in the game before the next goal is scored will be void. If there are no further goals scored "No Goalscorer" will be the winning selection. If no price is offered for "No Goalscorer" and no further goals are scored then all bets on the market will be void. Own goals do not count. If the next goal is an own goal the market will be settled on the next goal following the own goal. If odds are quoted for an own goal, where the next goal is an own goal bets on named players to score the next goal will be settled as losers. Scorecasts - Bets are accepted on regular play only. This market will be settled on the first player to score a 'legal goal' 'legal goal' has been scored, then this player is deemed a 'non-runner' and any Scorecast bet including them will rever to a single on the selected final score at the prevailing odds. If a match is determined by 'own goals' only, and the playe enters the field at any time, even as a 'substitute', then the Scorecast bet is a loser (as the player had the opportunity to be the first goal scorer). Similarly, if the player is deemed a 'non-runner' in this instance, the Scorecast bet will revert to a single on the selected final score at the prevailing odds. If the game is abandoned at any time all bets will be void. Note that the Scorecast price will be different from the 'double' price for the two separate outcomes.

Abandoned matches – Any scheduled match abandoned before the completion of regular play will be made void, even if the governing body declares the result of the shortened match to stand for competition purposes. Bets on which the outcome has already been determined at the time of abandonment will stand. For example, where the first goal has been scored by a named player, the First Goalscorer and Time of First Goal markets, amongst others, will stand. Suspended Matches - Bets on any scheduled match suspended before the completion of regular play will be made void if the match is not restarted on the same day (local time) and played to completion, even if the governing body declares the result of the shortened match to stand for competition purposes. Bets on which the outcome has already been determined at the time of First Goal markets, amongst others, will stand. Where the match is concluded on the same day that it commenced (local time), all bets will stand, regardless of any suspension of play. Where markets are voided we will endeavour to make new betting markets on the event available as and when the respective governing body confirms details. Example 1: Real Madrid v Barcelona is 1-0 with the match suspended due to a crowd disturbance after 47 mins. Match does not continue on the same day but is played to a conclusion (48-90 mins) a week later. Any bets already determined are settled e.g. First Goalectore, Half-Time, First Goal etc. All other bets are void, Example 2: Real Madrid v Barcelona is 1-0 with the match suspended due to a crowd disturbance after 47 mins. Match continues 2 hours later on the same day and is played to a conclusion (48-90 mins). All bets stand and are settled as normal.

Postponed Matches – For any cancelled or postponed match, any bets struck prior to the scheduled kick-off will be void. All bets stand on any match that is delayed prior to the scheduled kick-off time and takes place on the same day. If a match is played prior to the date or kick-off time originally stated, then it may be included provided the bet is placed before the new time, if not, then bets will be deemed void. If a match venue is changed then bets already placed will stand providing the revised venue is not the away team's ground, in which case bets placed on the original listing wil Subsequent void matches - If a match has been completed but the result is later deemed void then all bets will be settled on the original result regardless of any subsequently rearranged fixture. Divisional Betting - All bets are settled on the final League placings irrespective of what happens in the Divisional playoffs. However bets on 'who will win' a League will be settled on the team who lifts the trophy. Bets will stand on any team that does not complete all of its fixtures. Season Match Bets - Season Match bets are settled on which of two teams will place highest in the League at the end of the season. If teams finish level on points then the tie breaker used by the League will decide the winner.

Handicap Betting - Handicap bets are settled on the basis that one of the teams is given a goal(s) start. Bets are settled Half-Time/Full-Time betting (Double Result Forecast) - Half-Time/Full-Time betting is available on most matches where Home/ Away/Draw prices are quoted. Bets are settled based on the result of the match at both Half-Time and Full-time (i.e. at the end of 45 minutes and 90 minutes, including injury time). Bets will be void if the match is abandoned prior to the completion of 90 minutes play. Singles and upwards are available. In the event that a HT/FT bet is accepted when no HT/FT price is available, the bet will be settled at the Match price of the team selected to win at full time. Half-Time Betting - Half-Time betting is available on certain matches. Bets are settled on the result of the match at Half-Time (i.e. at the end of 45 minutes, including injury time). General Sports Rules cover all sports, but are superseded by any rules specific to individual sports. Non-Runners - Sports bets are accepted 'All in compete or not' and if a player or team is withdrawn before they have taken part in the event (in any way), the bet is a loser. If the event is advertised 'Non-runner no bet', stakes will be refunded on a player or team withdrawn prior to the start of an event. Winning bets placed on a sporting event where a different player or team is withdrawn may be subject to the equivalent of a Tattersalls Rule 4(c) deduction, based on the price of the selection withdrawn. Player/Team Withdrawn After the Official Start - If a player or team has taken any part in the sporting event once it has officially started and then fails to complete for whatever reason, the bet will be settled as a loser. Cup/Trophy Competitions - Outright betting will be settled on the player or team that lifts the trophy, unless other terms are specifically advertised.

Knock-Out Competitions - Tournament betting will be settled on the player or team that wins the trophy. Bets in knock-out competitions will be settled on the selection that qualifies for the next round. This applies as long as the match has started and is not drawn and replayed. If the match is drawn and replayed, bets will stand on the replayed match. Outright/Tournament & Handicap Betting - When odds for both Outright/Tournament and Handicap betting are advertised, bets will be settled on the Outright/Tournament result unless the Handicap price is specifically selected at the time the bet was placed. Where only Handicap betting is available bets will be settled as a Handicap bet whether selected as the time the between the selected as the time the between the selected and the selected as a Handicap between the selected as the selected as a Handicap between the selected as the select Venue and Team Changes - For matches played at neutral venues, the team listed on the left are classed as the 'home' Venue and Team Changes - For matches played at neutral venues, the team listed on the left are classed as the 'home' team. Bets on matches played at neutral venues will stand, unless the official fixture lists different team details to our scheduled match - bets in this scenario are void. A club team playing a European competition is classed as playing at home if the fixture is on a typically neutral ground - i.e. Arsenal and Tottenham playing Champions League home games at Wembley. If a match is no longer played at the venue advertised, bets will stand as long as the venue remains in the same country and is not switched to the opponent's ground. Should this occur, all bets will be void. For International tournaments if the Host venue is changed bets will still stand. If an official fixture lists different team details to our scheduled match (e.g. 'XI', Reserves/U-21s/U-18s/Development, Youth team or similar), then bets will be void. This includes where an entire team is replaced by a 'lower level' squad at short notice due to unforeseen circumstances (such as medical restrictions). Where a scheduled match is listed with any of the above details or as a 'Club Friendly', all bets stand regardless of the players used to complete regular play, with all prices subject to fluctuation.

Postponed Events - For any cancelled or postponed event, any bets struck prior to the scheduled start will be void. All bets stand on any event that is delayed prior to the scheduled start time and takes place on the same day. If an event is played prior to the date or start time originally stated, then it may be included provided the bet is placed before the new

If an event venue is changed then bets already placed will stand providing the evised venue is not the away team's ground, in which case bets placed on the original listing will be void' Abandoned Events - Any scheduled event abandoned before the completion of regular play will be made void, even if the governing body declares the result of the shortened event to stand for competition purposes. Bets on which the outcome has already been determined at the time of abandonment will stand. For example, where the first try in a rugby match has been scored by a named player, the First Tryscorer and Time of First Try markets, amongst others, will stand. Suspended Events - Bets on Any scheduled event suspended before the completion of regular play will be made void suspended events - Bets on Any screeduled event suspended before the completion of regular play will be made void if the event is not played to a finish on the same day it started, even if the governing body declares the result of the shortened event to stand for competition purposes. Bets on which the outcome has already been determined at the time of suspension will stand. For example, where the first try in a rugby match has been scored by a named player, the First Tryscorer and Time of First Try markets, amongst others, will stand. In the event of a tie, dead heat rules apply.

If teams finish level on points then the tie breaker used by the league (e.g. goal difference or head-to-head records) will decide the winner. Tournament Betting - Predicting which selection will win a tournament. Rule 4 deductions may apply

Lotto/Number Bets

Acceptance of Bets - Bets are accepted on the outcome of selected lottos as displayed in shop up until the advertised 'cut-off' time. For example, the Irish National Lotto draw takes place on Wednesday and Saturday evening with bets accepted up until 7:45pm. Bets are not accepted on the UK Lotto or EuroMillions. Bets on Lottos that are exclusively available on the self-service betting terminal in selected shops can only be accepted via the terminal itself (will be deemed void if inadvertently accepted 'over the counter'). Unless otherwise specified, these events cannot be combined in accumulative bets, e.g. a bet on the number 41 on two consecutive 49's draws in a double cannot be accepted. Lotto bets cannot be combined with other events (e.g. horse races) in multiple bets. Bets are accepted on all Lotto draws until a 'no more bets' message is given. Bets accepted after the 'no more bets' message will be void unless it can be confirmed that the bet was accepted prior to the draw actually starting. The bonuses and consolations associated with our speciality bets do not apply to Lotto bets, e.g. the double the odds bonus on one selection correct in a Lucky 15 will not be paid. If one of the scheduled draws does not take place, bets will stand for the next draw to take place unless it is cancelled by mutual consent before another draw is made. Incorrect Bet Instructions

Unclear Selection - If a number detailed on a betting slip cannot be understood, the number will be treated as void and the odds will only apply to the numbers that can be understood, e.g. if a bet on the '3 numbers correct' section consists of two numbers that can be understood and one number that cannot, it will be settled on the odds which apply to the Selections Repeated - If a number is repeated it will be ignored and the bet will be settled on the valid numbers chosen at the appropriate odds, e.g. if four numbers are chosen on an Irish Lotto bet, but the number 23 is repeated, the bet will be settled as a three number bet (23 will only be included once). Error Regarding the Draw - If no draw is specified the bet will be placed on the next available draw. Where a draw is specified by date and/or time and by name, but is placed late, the bet will be void. Where a draw is specified by name, for example "lunchtime draw", but is placed late, then it will be settled on the next draw matching the specification i.e. the following day's lunchtime draw, unless cancelled by mutual consent prior to that draw. If the day or draw has not been specified on an Irish Lotto bet, the bet will be settled on the next main draw to take place. If the bet is placed on the 49's then it will be settled on the next available draw. If the 6 or 7 number draw has not been specified for 49's or Irish Lotto, the bet will be settled on the 6 number draw.

More than One Draw Selected - If more than one draw is specified, the numbers selected will apply to the number of draws in a row, e.g. if four draws are specified on a bet, the numbers selected will count for the next four draws to take place after the bet has been accepted. Gaming Machines / Fixed Odds Betting Terminals (FOBTs)

Gaming Machines / Fixed Odds Betting Terminals (FOBTs)
Once the bet button is selected, a Random Number Generator (RNG) based within the terminal itself generates a 'draw' result. A representation of the draw will then be shown on the terminal. If for any reason a draw does not take place, the bet(s) placed will stand for the next available draw - if the system cannot provide another draw within 10 seconds, it will void the bet(s). A display on the screen will notify the customer if this happens and the balance will be adjusted. The minimum and maximum stakes will depend on the type of event selected. Specific rules for each event are displayed on the terminal. Winnings will be paid on production of a valid bar-coded receipt printed by the terminal. Returns will be paid once the receipt has been checked against the payment validation unit (PVU). The PVU communicates with our central server and holds all transaction details for the terminal. The PVU data is the only true record of any returns on the machine. Ladbrokes are not responsible for the failure of machines to operate correctly - any faults that do occur should be reported to the shop manager immediately. We may ask for an engineer's advice prior to the payment of any claim.

Self Service Betting Terminal Rules
General Terms and Conditions for Betting Terminals in Ladbrokes Shops
The maximum amount that can be won via the betting terminal ("Terminal") is displayed in the Terminal rules.
Ladbrokes Specials do not apply. The prices offered on the Terminal may differ from the prices available elsewhere in the shop. All bets placed on a Terminal will be settled at the decimal odds offered on the Terminal at the time the bet is struck irrespective of whether the customer chose to view the odds in fractional or American odds formats (which are provided for customers who prefer those formats to compare relative value). The only exceptions to this are where there is an option to place a bet at SP on a horse or greyhound race or where an obvious error has occurred in which case the correct odds will be applied to the bet. Winning bets placed on a Terminal can be collected at any Ladbrokes shop in the country in which the bet was placed. Returns will be paid to customers on surrender of their receipt. You agree that you will seek to claim any winnings as soon as possible after a winning bet is settled.
