For promotions exclusive to 'Grid Rewards Card' customers, you must present your Rewards card at the counter when placing your bet or submitting your entry, to qualify for the respective offer or competition.

11. Errors, Interruptions and Malfunctions
Ladbrokes makes every reasonable effort to ensure that it does not make errors in accepting bets. However, we cannot guarantee that errors will not happen or that our services/products will at all times perform correctly. Various kinds of mistakes and errors can occur – technical, human and otherwise – and you understand and agree that we can only provide our betting products and services to you, and you must accept them, in the condition that we make them available from time to time. In this section 11 we describe the things that can go wrong and the rights that we have in such events. In section 12 below we set out how we will not be liable to you when these (and other) things go wrong. You should be aware however that these sections do not override or cancel out any rights that you may have under consumer laws and regulations and we do not intend that they should. Below are some key definitions to help you understand this section:

An "Error" refers to a mistake or error that is not exclusively technical, for example the mistaken posting of incorrect An "Error" refers to a mistake or error that is not exclusively technical, for example the mistaken posting of incorrect odds, the offer of incorrect prices or terms (such as handicap provisions) for participation in a promotion or bet. Errors can arise from human mistakes, administrative, operational or systems failures and combinations of all of these. For example, a bet might be offered mistakenly at a price that is substantially out of line with the general market. Examples where this would apply are:

The price is recorded as 100-1 when the price on offer in the general market is 10-1;

The margins for handicap betting have been reversed.

An "Interruption" refers to an interruption in a gambling transaction for any reason, for example an interruption caused by the failure of the internet or connectivity, or severe latency in communications, or a technical failure due to A "Malfunction" refers to where an automated process fails to operate as designed or intended, for example where a piece of computer software produces a deviation from its intended performance specifications or parameters, or where two pieces of software fail to interface or communicate with each other in the manner intended or designed, in either case so as to produce a result which is not the result that was intended or designed. These malfunctions may or may not be apparent to us or to you and they may only come to light as and when settlement instructions, outcomes, winnings or cashouts are investigated and analysed retrospectively. Where any of the above occur, we will deal with them as described below in this section and it is important that you understand and agree to the following before you use our services, as we made clear in the 'Important Information' at the top of this poster.

In the event of a Malfunction or Error, including where a bet is accepted that is inconsistent with the original slip (where In the event of a Malfunction or Error, including where a bet is accepted that is inconsistent with the original slip (where available), we will have the right to void the relevant transaction and withhold the relevant transings, or alternatively in some circumstances at our discretion to pay winnings at what we consider to be the correct price or as per the original betting slip (to establish the correct price Ladbrokes will consider prices available in the general market at the time the bet was made, including the prices offered by our retail competitors). This applies even if the relevant transaction could have produced the same or similar amount of winnings without the intervention of the Malfunction or Error and it applies whether the Malfunction or Error was apparent to you or to us or not. If we mistakenly pay you any such winnings, you agree that you will pay them back to us as and when we ask you to. Where any Malfunction or Error is or becomes apparent or obvious to you, or you suspect that a Malfunction or Error ing, you agree that you will not use (or will immediately stop using) the relevant part of our service, and you will report it to us immediately.

12. Our Liability to You

Nothing in the Rules is intended to, or will, exclude or limit our liability for death or personal injury resulting from our negligence; for fraud or fraudulent misrepresentation; for breach by us of your statutory rights as a consumer; or for any other liability which we may not limit or exclude under applicable law. Subject to the paragraph above, (a) we accept no liability for any claims, damages or losses which were not foreseeable by you and us at the time of you first accepted the Rules or which arise out of or in connection with your use of or inability to use any of our betting locations, products or services including as a result of (i) any Error, Interruption or Malfunction, (ii) your breach of these Rules including any Prohibited Activity on your part, or (iii) any action on our part as permitted under these Rules; and (b) our products and services are provided on an "as is" bases and we make no specific warranty or representation in relation to their quality, completeness or accuracy. As we made clear in the 'Important Information' at the top of this poster, we will not be liable to you under the Rules, and nor do we owe you a duty of care in respect of, our compliance or non-compliance with any regulatory obligations that we may be under from time to time. If you wish to make a query or complaint, as a first step you should as soon as reasonably practicable contact the

If you wish to make a query or complaint, as a first step you should as soon as reasonably practicable contact the shop's Duty Manager for assistance. If you are unable to resolve your query satisfactorily with the Duty Manager you should then contact Customer Care (0800 022 3454). If, following the conclusion of our investigation, you are still unhappy with the solution offered by us and a deadlock has been reached, you may refer your complaint to the Independent Betting Adjudication Service ("IBAS"). IBAS rule on disputes about betting and gaming transactions, but do not deal with service-related issues. Once you have obtained a Ladbrokes Customer Care reference number for your dispute, you may contact IBAS via their website at www.ibasz-uk.com or by calling 020 7347 5883. If, notwithstanding the above, you issue Court proceedings, Ladbrokes reserves the right to apply to 'stay' those proceedings pending determination by IBAS. You must keep the details of your complaint confidential unless you are required to disclose it by applicable law or regulation. You are also allowed to discuss your complaint with IBAS, your advisers (including lawyers, financial advisers, health professionals and insurers on terms which preserve confidentiality), and with any relevant regulatory body (including the Gambling Commission) as is required to enforce the outcome.

relevant regulatory body (including the Gambling Commission) as is required to enforce the outcome.

14. Placing and Acceptance of Bets in Shops
You acknowledge that there is a risk of losing money when gambling in our shops and by placing a bet, you accept full responsibility for any such loss. Bets are placed with Ladbrokes by writing instructions on a betting slip or completing a "Quick slip". A Quick slip is like that used by the National Lottery/Lotto and requires you to indicate your stake, selections and bet type by marking a horizontal line in the appropriate box. We reserve the right to refuse to accept the whole or any part of any bet offered to us. A bet will only be deemed made in our Electronic Point of Sale (EPoS) system when your betting slip has been paid for and we have provided you with a valid betting receipt. Each valid betting receipt has a unique bet ID number printed on it, the date/ time of acceptance, plus an image of your bet (or printed details of your bet in case of Quick slip). For your bet to be valid, the bet ID number and image or printed bet details must be registered on our EPoS system. No bet is valid until we have provided you with a receipt showing that the bet has been accepted by us. You acknowledge that by placing a bet you are not relying on any statement of any Ladbrokes employee regarding the subject matter of the bet. You should check your receipt to verify that your bet selection(s), instructions, stake paid and any odds (where applicable) have been correctly recorded before leaving the shop. It is your sole responsibility to ensure that your receipt reflects the bet you intended to place as mistakes cannot be rectified after the relevant event(s) have commenced. This includes where a selection may have been incorrectly captured or omitted by our system during the acceptance process. If the details on the original betting slip are incorrect or the image unclear, the bet will be void and you will be asked to complete a new slip betrions, we reserve the right to refer

Late Bets - Bets can only be placed on the outcome of a future event or race. If Ladbrokes mistakenly accepts a bet for an event or race that has already started then the bet will be void and your stake returned, except in the following circumstances: In the case of horse races, if a bet is taken after the start of an event it will still be valid if it is placed before the automatic "no more bets time" recorded by our EPOS system. For horse races the following "no more bets times" will apply after the start depending on the race distance: 6 Furlongs 200 yards and under - 7 seconds; 6 Furlongs 201 yards up to 1 mile - 12 seconds; Over 1 mile up to 1 mile & 7 furlongs - 17 seconds; Over 1 mile & 7 furlongs - 22 seconds; Over 2 miles - 32 seconds.

In the case of greyhound and virtual racing/sports, where our EPOS systems record an automatic "no more bets time"; if a bet is taken after the start of an event it will still be valid if it is placed before the automatic "no more bets time". For greyhound races, the automatic "no more bets time" is set at 5 seconds after the start of the race (10 seconds for Australian greyhound races), for virtual racing/sports the automatic "no more bets time" is set at 5 seconds after the start of the event. In the case of real football matches, bets will remain valid where "Betting in Play" on the selected market is available. Where it is not available, bets will be valid if they are placed within five minutes of kick-off, providing there has been no score in the match or no player has been sent off. If a player has been sent off or there has been a goal, or a penalty has been awarded but not yet taken, then the bet will be void and the stake returned. For any other sports please see visit https://help.ladbrokes.com/en/sports-help/sports-rules.

Taking a Price - In order to take a price on a bet or selection our staff must mark the correct price on the betting slip prior to the bet being processed. If they inadevertently mark an incorrect price on the slip, the bet will stand at the correct price at the time the bet was accepted. If the price has been written on by a customer, it must be verified on the betting slip by a member of staff, the bet will stand if the price was correct at the time the bet was placed - if the price was incorrect, the bet will stand at the correct price at the time the bet was accepted. If a price is taken on a selection it will be applied to that selection every time it appears on the slip, unless the bet instructions on the slip, specifically state otherwise. If no price is indicated on the slip, the bet will be settled according to the Starting Price ("SP") where available, or, in the case of sports betting, on the valid price at the time the bet was placed. If Tote or PMU is not specifically stated at the time the bet bet placed, bets will be settled at the industry SP if available. If no Industry SP is available, bets will be settled at the Ladbrokes SP. Where there is no I addresses SP. bets will be settled at the Ladbrokes SP. Where there is no Ladbrokes SP, bets will be settled at the 'standard' Tote or PMU return even if this was not specifically stated. For 'coupling' to take effect, PMU must be written on the slip at time of placement.

Taking a Price - In order to take a price on a bet or selection our staff must mark the correct price on the betting sli

In addition to the above there may be occasions where the 'Best Odds Guaranteed' ("BOG") promotion is offered on specified races. In such instances there is a similar requirement for individual prices to be marked and/or initialled on the slip by a member of staff. Where there is a high volume of customers, members of staff may offer a customer the opportunity to have their slip marked with the letters 'BOG' which will automatically assign the latest price for each qualifying selection throughout the slip, as recorded in our system at the time of bet acceptance. Should customers agree, individual prices will not be recorded on the slip, which will be marked 'BOG' instead. Please note that the maximum unit stake for any bet accepted on this basis is 20 pence /20 cents. Any bet inadvertently accepted with a unit stake greater than 20 pence/ 20 cents will be

15. Paying for Bets
Payment for bets can be made as follows:
• Cash Ladbrokes betting vouchers Debit Card* **

Debit Card* **

 Bank or building society banker's draft* (if this is arranged in advance with the shop manager)
 For payment by banker's draft or debit card, please allow at least 15 minutes for staff to complete our clearance procedures. These procedures need to be completed before the bet can be accepted.
 Where payment for a bet is made directly by Debit Card in shop, any returns must go back to the same card in accordance with the issuing bank's card-scheme rules and cannot be withdrawn as cash.

16. Minimum Stake
For most bets in our shops there is a minimum stake of 20 pence / 20 cents a slip (50 pence / 50 cents for football coupons). For multiple bets the minimum stake unit is 1 penny / 1 cent. Bets accepted in error for less than the minimum unit stake will be settled accordingly.

17. Payment of Winnings Winnings Winnings will be paid on production of a valid unpaid betting slip (receipt) at any Ladbrokes shop, subject to our right under the Rules to void winnings/withhold payments in certain circumstances. You agree that you will seek to claim any winnings as soon as possible after a winning bet is settled. For security reasons large amounts of cash are not held on the premises and Ladbrokes reserves the right to pay winnings by bank transfer either in full or in part. The majority of bets can be paid out immediately, but in some cases there may be a delay of up to five working days whilst the validity of the bet is verified and, as we made clear in the "Important Information" at the top of this poster, and as further explained in these Rules, there are circumstances when we may void winnings/withhold payments. We are also entitled to request Photo ID if we have reasonable concerns about the customer's identity or as required by our legal and regulatory obligations, in order to verify a customer's identity prior to making payment on any bet, and we will not be able to make payment until any such requested ID has been provided and verified.

If a receipt is lost, the customer should return to the shop where the bet was placed with valid proof of identity (e.g. Driving Licence or Passport). A 'Lost Receipt Form will then need to be completed. Payment will only be made once the shop records have been checked. If payment has already been made on the original receipt (e.g. because someone else has cashed it), it cannot be made again.

19. Maximum Payouts
Unless otherwise stipulated on the product itself (e.g. football coupon etc), the maximum daily payout on any bet, or bets, including Ante Post, is as detailed below. The maximum payout limits apply to individual events. The limits below refer to the total return on the bet, excluding the original stake. Please familiarise yourself with these limits. If a multiple bet has been placed which involves events with different maximum payout limits, the lowest limit will apply. All maximum payout limits apply to any one customer, or group of customers that we reasonably believe are acting

together, who have backed the same combination of selections, including where placed in a series of bets, at a range of prices, over a number of days using different betting accounts and/or across different betting channels. Should we have reason to believe that a number of bets have been placed by a particular group of customers in this way, the total payment of all those bets combined will be limited to one single maximum payout. Throughout these Rules, 'Full Service' refers to horse and greyhound races for which full details (shows of betting, official off times and results) are broadcast to Ladbrokes and viewable in our shops by satellite and terrestrial media.

Horse racing bets placed on non-UK/Irish meetings are settled on the official result declared by the racecourse judge and confirmed by the 'Weighed-In' announcement. If a winner is disqualified after the official result is announced, the disqualification will not affect the settlement of bets. In the case of Greyhound racing, bets are settled on the official result announced at the conclusion of the event. If a winner is disqualified after the official result is announced, the disqualification will not affect the settlement of bets. In the case of Football and other Sports, bets are settled on the first result published by the official source/governing body or alternatively the official website of the relevant event, immediately after the match/event is finished. Any subsequent corrections or amendments to this result will not apply for settlement purposes. In the event of a shortened season due to unforeseen circumstances, settlement of related bets will be based on the official result announced for that competition by the sports' governing body. Bets will stand on any team that does not complete all its fixtures. If the result is not immediately available from the official source/governing body or official website of the relevant event, or there is significant evidence that the official source/governing body or official website is incorrect, we will use independent sources such as the Press Association to decide settlement. In the absence of any consistent, independent evidence or in the presence of significant conflicting evidence, bets will be settled based on our own statistics.

21. Prices Price Changes - All prices are subject to change and may, on occasion, be restricted to certain stake levels. The prices offered via our other business channels, such as on the internet, at our Call Centre or at our on-course betting facilities, may be different from those available in our shops. Prices may also vary slightly from shop to shop. There are different types of prices available for different events, as follows:

Early Prices - Prices for certain races on the day of the event. These prices are advertised after the Final Declarations have been made for a race. They are available each day for selected races up to the first show of prices from either the live Ladbrokes traded show or the on-course market, as offered. If an Early Price is given in error on a bet after the first show has been announced, the bet will be settled using the price available from the live Ladbrokes traded show Board Prices (also referred to as 'Show' prices) - In horse and greyhound racing these prices are generated by the live Ladbrokes traded show or on-course market, as offered. They are available approximately 5-10 minutes before the start of each race. If a selection is withdrawn from a race, no further Board Prices will be available until a new on-course market has been formed.

Starting Prices ("SP") - In horse and greyhound racing, where a price is not taken at the time of bet acceptance, your bet will be settled at SP. For UK/Irish racing, this is the final price available at the start of the race and is derived from a combination of both 'on-course' (where available) and 'off-course' betting markets. For more details on how the SP is calculated, please see www.thesprc.org. For information on SP bets placed on International Racing, please refer to that specific section of the rules. the event of neither an Industry SP, nor an on-course SP being returned, selections for a horse race where a price has not been taken will be settled at Tote returns if available. Selections for a greyhound race where a price has not been taken will be void. Bets on Unnamed Favourites will be void.

22. Each-Way Bets
For all real horse and greyhound races, each-way terms apply to the actual number of runners taking part. Unless otherwise stated the place part of each-way bets will be settled as per the following standard place terms: Handicaps of 16+ runners 1/4 odds first 4 places 1/4 odds first 3 places

All other races of 8+ runners 1/5 odds first 3 places In other cases, including Horseracing Ante Post, selected 'feature' Horseraces, Greyhound, Football and Sports betting events, plus Virtual Racing and Virtual Sports; each-way terms will be available as advertised at the time the bet was placed.

23. Unnamed Favourites
Horses - Bets are accepted on unnamed 1st and 2nd favourites only. Bets on other unnamed favourites will be void.
Greyhounds - Bets are accepted on 1st favourites in all greyhound races and 1st and 2nd favourites in full schedule races. Any other bets on 2nd or 3rd favourites will be void.
General - AAII bets on Unnamed Favourites are settled at SP. If two runners are returned at the shortest price, they will be treated as Joint 1st and Joint 2nd favourites and stakes for bets on either first or second favourites will be divided equally when the bet is settled. Where three or more selections start as co-favourites, the stake will be divided proportionally. This also applies for bets on unnamed 2nd favourites. If the favourite is withdrawn and no new market is formed, bets placed on the favourite will be void, except in Placepot bets when the next shortest priced horse is substituted. Should there be more than one horse at the next shortest price then the one with the lowest racecard number will apply. Bets on the favourite are win only. If an Each-Way bet is accepted in error it will be settled as full stake (win and place parts) to win. A named or numbered selection can be selected with the 1st favourite in a Forecast. If a joint or co-favourite is returned, the stake will be divided equally across the selections. If the named or numbered selection is also returned favourite, the bet will become a win single. If the named or numbered selection is returned joint or co-favourite, the stake will be divided equally across the forecasts involving the selection and the other co-favourites.

Dead-Heat is a term that describes when two or more selections in an event tie. If a "dead-heat" between two selections is declared on any event, half the stake is applied to the selection at full odds and the other half is lost. If more than two "dead-heats" are declared, the stake is proportioned accordingly.

more than two "dead-heats" are declared, the stake is proportioned accordingly.

26. Related Bets

Multiplied odds do not normally apply for the same selection to win more than one event, or where the outcome of selections from different markets are related, the only bets available at the current odds are usually singles. A combined price may be available which will apply to selected doubles, trebles, accumulators and so on. For example: City of Troy to win the 2000 Guineas and the Derby – Liverpool to win the domestic treble – Rory McIlroy to win all four Major golf titles. Please check for the combined prices available. If a combined price was taken for the same selection in two races/events and the selection does not take part in one of them, the bet will be settled as follows:

• If the bet was placed before the 'day of event' for both races/events, our normal Anta Post rules apply. This means that if the selection does not take part in one of the races/events the bet will be settled as a loser. This applies even if the selection has been successful in the other race/event

• If the bet was placed on the 'day of event' for one of the races/events and the 'day of event' selection does not take part, this will be treated as a non-runner and the bet will become a single for the remaining Ante Post race/event. The bet will then be settled based on the price and place terms available at the time the bet was placed (normal Ante Post rules apply)

When prices on selections in different markets are advertised, these cannot be combined in accumulative bets where the outcome is related. The only exception to this is where special prices are made available, e.g. a Scorecast on a football match. In either of the above two scenarios, if a bet made up of doubles, trebles etc. is accepted in error at the individual event prices, the bet will be settled at the combined price available at the time the bet was placed. If his is not possible, each part of the bet including a related contingency will be settled at the largest

27. Forecast Betting
Straight Forecasts are accepted only in races of three or more runners. However, should a bet be accepted in error on a two-runner race, or a race is reduced to two runners, Straight Forecast bets will stand, and be settled as a Single, at SP, on the selection named to finish first. Straight Forecast bets where only one selection is made, or in races where one horse finishes alone, will be settled at SP Singles. If no Straight Forecast dividend is declared, bets will be settled on a dividend based upon the final Ladbrokes prices of the winning selections. Should there be no prices or Tote dividend available, forecast bets will be void for settlement purposes. If a selection becomes a non-runner, Forecast bets involving that selection will be settled as a win Single on the other runner. In a Combination Forecast, where a selection becomes a non-runner, the tal stake of the bet will be divided equally between the possible Forecast combinations, using the remaining selections and the Forecasts which include the non-runner will be settled as win Singles. For example: £1 CFC on selections A, B and C, where C becomes a non-runner. The bet reverts to a £1 RFC on A and B, plus a £2 win on each of A and B. Forecast is a forecast selection in Singles, Doubles and Trebles only. Accumulators are accepted only as part of a Forecast bet special package (eg: Forecast Yankee). If otherwise taken in error they will be settled as Trebles with the stakes equally divided. Unnamed 1st Favourites with a named selection or race card number are accepted in Forecast Single bets. Any such selections included in Forecast Doubles, Trebles and Accumulators (or Tricasts) will be void. Should the 1st Favourite and the named/numbered selection be the same, the Forecast will be settled as a win single. In the case of Joint 1st Favourites the bet will be settled as a win single.

28. Tricast Betting

The 3rd is ignored for settlement purposes. If the bet is a Combination Tricast, every Tricast within that Combination will be settled as a Straight Forecast with the 3rd selection ignored for settlement purposes. If one non-runner is selected, the Tricast will be settled as a Straight Forecast on the remaining two selections. If one non-runner is selected in a Combination Tricast, the bet will be settled as a Reverse Forecast. If two non-runners are included in a Tricast, the bet will be nettled as a Signal at Specific Nettled Nettled as a Signal at Specific Nettled Ne ricast, the bet will be settled as a Single at SP on the remaining selection

Tricast bets which include an 'unnamed favourite' are not accepted, and if accepted in error will be void
 Tricast singles only are accepted. If a Tricast multiple bet (such as doubles, trebles or accumulators) is accepted in error, the total stake will be divided equally and the bet will be settled as Tricast singles If a selection is included more than once in a Tricast bet, the selection will be ignored the second time it appears. • When only 1 horse finishes, Tricast bets with the correct 1st place horse will be paid as an SP single on that selection. All other Tricast bets will be losers

29. Showcast Prices for Forecast and Tricast Bets Live Forecast and Tricast prices (known as Showcast prices) are advertised for some races. If a Showcast Forecast price is taken and one of the selections in the bet is a subsequent non-runner then the bet will be void. If a Showcast Forecast price is taken on a race where there is a subsequent non-runner which results in a Tattersalls Rule 4(c) deduction, then the Showcast price does not count and the bet will be settled at the Straight Forecast Dividend - if there is no Tattersalls Rule 4(c) deduction then the Showcast price will stand. If a Showcast Tricast price is taken and noe of the selections in the bet is a subsequent non-runner, then the bet will be settled as a Straight Forecast on the remaining two selections. If a Showcast Tricast price has been taken on a race where there is a subsequent non-runner which results in a Tattersalls Rule 4(c) deduction, then the Showcast price does not count and the bet will be settled at the Straight Tricast Dividend - if there is no Tattersalls Rule 4(c) deduction then the Showcast price will stand. If a Showcast price has been taken and the result is a dead heat, half the stake will be applied to the forecast at full odds and the other half will be lost - if more than two tie in a dead heat, the stake will be divided in proportion. In order for the bet to be settled as a Showcast, this must be clearly stated in the bet instructions prior to the bet being processed. the bet to be settled as a Showcast, this must be clearly stated in the bet instructions prior to the bet being processed f only one runner finishes the race, all Showcast bets will then be settled at the Straight Forecast Dividend declared.

Match Betting - General - A Match Bet is based on one selection beating another according to the specific conditions advertised and is accepted as singles and upwards, as long as the bets are not related. If a selection in the Match Bet does not take part the bet will be void. One of the two selections in the Match Bet must complete the event for the bets to stand; otherwise bets on that Match Bet are void. If the two Match Bet selections dead heat, dead heat rules

apply, unless a tie price is made available. If dead heat rules apply, half the stake will be applied to the selection at full odds and the other half will be lost. "Match Bet" must be specified on the slip for bets to stand on this market, unless a price is taken which clearly indicates the intended market. If Match Bet is specified and there is no betting available for that market in that event, the bet will be void. If there is no price taken, then the bet will be settled at the final price available in the specified market. If the price written on the slip is incorrect, or applies to a different market, the bet will be settled at the price available in the specified market at the time the bet was placed. Different selections can be contained in multiple Match Bets markets in the same event and in different events. Where the same selection appears in a multiple bet in one of these markets the stake will be split into two or more single bets. Please refer to specific events for Match Betting rules.

Whilst every effort is made to ensure that the prices quoted are correct, the nature of live betting (i.e. constantly changing prices) means that, on occasion, the price may have changed by the time the bet is placed. Where it is triggered on an 'each-way' bet, the consolation bonus will apply to the winning selection and only the remaining selections will qualify for any other promotional offer such as BOG (i.e. the place part of the winning selection will be settled at the original price taken).

Bets will be settled as win only unless Each-Way has been specifically stated on the betting slip. Any dividing line(s) drawn on the betting slip may be used in addition to the above criteria to determine what bet the customer intended to place. v. If the only difference in two names is a suffix (included or omitted) – If the only possible difference in name is the country of origin as shown by a suffix (e.g. "Fr' for "France"), the bet will be settled on the selection with no suffix unless the suffix is detailed on the silp. This applies irrespective of the race time detailed on the betting slip. In the case of single bets if there is more than one race for which the numbered selection and price can be identified, the stake will be divided accordingly. For multiple bets the selection will be void unless the sequence of selections makes it clear which race was intended. ix. 'Through-The-Card' (TTC) stated but no meeting named – If the numbered selections stated can be applied to greyhound racing, the bet will be settled on the next meeting due to take place on the full schedule after the bet was accepted. If no meetings are due to take place on the full schedule, or have already started, the bet will be void. x. Greyhound race instructions which can apply to different races – Where instructions such as 'Last Ten Races', 'First Four Races', or 'Through The Card' are detailed on the betting slip, bets will be settled as instructed, even if this involves races outside the full schedule. This applies unless the staking or time the bet was placed suggests that the bet was intended to only apply to races on the full schedule e.g. if a meeting on the full schedule consists of 10 races and four further races, a Through The Card bet which is staked for 10 races will be settled on the full schedule races only.

If a slip has been overstaked, the total returns from the whole of the slip will relate to the amount actually paid and In a sip has been overstaked, the total returns from the whole of the sip will relate to the amount paid and calculated accordingly, thereby increasing any return due (ie: the return will be multiplied by the amount paid and divided by the amount that should have been paid). No overstaking will be returned. If there is only one selection on the slip and the stake unit does not correspond to the total amount paid, the total amount paid will determine the stake (for example: a £/€5 win with a total stake of £/€10 will be settled as a £/€10 win. Whereas a £/€5 each-way with a total stake of £/€20 will be settled as a £/€10 each-way).

5.7. Understaked Bets
If not enough is staked for the bets requested, or if the instructions given contain more than the correct number of selections, the bets will be settled to the stake paid but the returns will be reduced in line with the amount actually paid (i.e. the returns will be multiplied by the amount paid and then divided by the amount which should have been paid). If not enough is staked on a football coupon, all bets will stand and will be settled in proportion to the amount paid. Perms will be treated as one column and the total amount staked will be divided equally amongst the columns.

39. Conditional Bets
Conditional bets are accepted as detailed below. Please note that Conditional Ante Post bet is accepted in error, the conditional Ante Post selections cannot be included in conditional bets. If a conditional harb Post bet is accepted in error, the conditional instructions will be ignored for settlement purposes (e.g. a Single Stakes About bet involving Ante Post selections will be settled as separate singles). If accepted in error, the bet will be settled at the Starting Price. Any to Come (ATC) & Single Stakes About (SSA/Up and Down) – In Any to Come bets it must be clearly stated from which selection(s) the conditional stake is to be taken and the specific amount to be re-invested. Should the preceding bet be a multiple one, then the maximum individual stake on that bet will determine the amount. Cash from one selection cannot go on to the same selection or event. In the event that Any to Come is accepted in error for the same selection or event, then the second selection will be treated as a nonrunner. Bets will be processed in the order stipulated as far as funds will allow in accordance with the bet instructions. Should there be insufficient cash on hand to cover the whole bet, the Any to Come instruction will be freated as a non-runner. Bets will allow. Where there is insufficient cash to cover ATC bets involving each-way Singles, Doubles, Trebles etc, the bet will be settled in proportion to the amount available (i.e. the returns will be multiplied by the amount paid and divided by the amount which should have been paid.). Where there is insufficient cash in hand to cover reversed or combination forecasts in any one race, the stake will be equally divided and an Up and Down bet will be settled as singles. Up

Two Runner Races - If a race has 2 runners, all bets are accepted at Early Prices, Board Prices and SP. Forecast bets are not accepted on 2 runner races. If a forecast bet is accepted in error, or if a race is reduced to only two runners then bets will remain as a "single" on the first named selection at SP.

Abandoned/Re-scheduled Races or Meetings - If the race is abandoned or declared void, all bets will be void. If a race or meeting is re-scheduled to later in the day bets stand. If meetings or races are moved to another day then all bets placed after the final declarations are void. The only exception to the above is the Grand National (Aintree), where bets accepted after 10am on the day the final declarations are made will stand until that race is run, so long as the overnight declarations and race venue remain unchanged. Note: If a race is moved to a different surface at the same venue after the final declarations have been made then all bets will stand, unless the race distance is changed from the initially advertised race distance by over one furlong for a flat race or by over two furlongs for a race run under National Hunt rules (including National Hunt flat races), in which case bets will be void. Stakes will be refunded on non-runners where either the trainer opts not to run on the new surface or where the horse is balloted out due to a lower safety factor. Bets struck at prices prior to any withdrawals will be subject to the applicable 'Rule 4' deduction.

Aggregate Winning Distance - Bets are placed on the aggregate of the winning distances from one or more specified Horse Race meetings. If the winning distance is under one length the following numerical values will apply: Nose = 0.05, Short Head = 0.1, Head = 0.2, '& Length = 0.25, Neck = 0.3, '& Length = 0.5, '& Length = 0.75. The maximum distance for any one race is: 12 lengths (flat race), 30 lengths (National Hunt race including National Hunt flat races), 50 lengths (National Hunt race including National Hunt flat races), 50 lengths (National Two Runner Races - If a race has 2 runners, all bets are accepted at Early Prices, Board Prices and SP. Forecast bets are lengths (National Hunt race including National Hunt flat race). All distance bets will be settled on the original distance percorded by the winner who was first past the post. However, if a horse has taken the wrong course it will be ignored for distance betting and the aggregate winning distance will then be calculated between the first two runners past the post who have taken the correct course. If a meeting has three or more races abandoned or declared void, then all bets will be void unless the winning band for the market has already been established, in which case ALL bets will stand (win or lose). If only one or two races are abandoned or declared void, bets will be settled with a default distance used for each abandoned or void race - 6 lengths (National Hunt face including National Hunt flat race). 2 lengths (flat races). Place Only Betting - This market is sometimes referred to as "fop 2/3/4 Finish". Place Only bets are not accepted unless specifically advertised, or unless they are Tote bets. Any other Place Only bets accepted in error will be void in all circumstances. In each-way bets, if the amount staked on the place part of the bet is greater than the win part, the excess place stake will be void. Where Place Only betting is specifically advertised, bets will be settled as follows:

• The number of places paid will be in accordance with our normal each-way place terms for horse racing.

• All stakes on any non-runners will be refunded, however the number of places paid will not alter as a result of any non-runners. Bets on the remaining horses in the race will be subject to a deduction. Check with staff for details. Total deductions will not exceed 95 pence / cents in the £/€

• In the event that the number of runners is the same or less then the number of places paid, all bets will be void.

• Dead-heat rules apply (see section 25).

If the re-introduced greyhound goes on to win or be placed in the race, all bets stand. If a reserve is introduced into an event and is not priced, then betting without the additional runner would apply for bets taken up to the addition of the new runner.

Aggregate Winning Distance - The Aggregate Winning Distance is not affected by reserves, vacant traps, void races, meetings which are abandoned after they have started, or races where a Starting Price is not returned. The bet is a prediction of the total winning margin (distance between first and second placed greyhounds) of each race at a particular meeting. This market will be displayed in three bands e.g. Crayford Aggregate Winning Distances - under 'x' lengths, between 'x and y' lengths, over 'y' lengths. For races won by less than a length, the following is awarded: Dead-Heat=0 lengths, Short head=0.1 lengths, Head=0.2 lengths, Neck= 0.3 lengths, ½ length= 0.5 lengths, ¼ length=
0.75 lengths. The maximum winning distance for a race is 10 lengths. The scoring system is as follows: Win = 25 points, 2nd = 10 points, 3rd = 5 points. In the case of joint or of savourites, the favourite will be deemed to be the one with the lowest trap number. In the event of no Starting Price being returned, the favourite will be the runner with the lowest price as published in the Racing Post. If there is a dead heat for any placing, the points for these runners will be added together and divided equally between the number of positions. All bets will be settled on the official result. after the weighed-in signal. If the meeting has 3 or more races abandoned or declared void, then all bets will be void unless a winning market has already been established, in which case all bets stand. In the event of a walkover, bets will be settled with a default figure of 10 points applied to that race. If the favourite is withdrawn at the start of the race and no new market is formed, points will be awarded dependent on the price of the favourite at the time of withdrawal: Evens or less = 15 points, 11/10 to 9/2 = 10 points, 5/1 or bigger = 5 points. If the favourite starts but does not finish the course, no points are awarded.

43. Virtual Racing and Virtual Sports
Virtual Racing and Virtual Sports are a computer-generated presentation of a random number draw, in which each number is represented by a different participant (e.g. horse, greyhound, racing car, football team etc). Winners and any placed selections are determined by a random number draw. Odds are set based on the number of times a participant is represented in the draw. The more times the participant is represented in the draw, the better the chances of being selected and therefore the shorter the price. Betting on Virtual Racing/Sports follows the same rules as for real sporting events. Selections taken from Virtual Racing/Sports may be combined with bets on other events (with the exception of other 'Numbers' events). Selections taken from different Virtual Races/Sports may be combined in win and each-way multiple bets (e.g. Doubles, Trebles, Accumulators, etc). Place only bets are not accepted. The place part of each-way bets will be settled in accordance with the place terms advertised at the time the bet was placed. For horseracing, a race is described as a handicap to signify the place terms on this race alone; it does not indicate an equal chance for every horse.

This denotes the period of play which includes time added by the Referee for injuries and other stoppages. A club team playing a European competition is classed as playing at home if the fixture is moved from the team's usual ground to another ground within their national boundaries. If a match is no longer played at the venue advertised, bets will stand as long as the venue remains in the same country and is not switched to the opponent's ground - should this occur, all bets will be void. Bets will be accepted up to the advertised kick-off time or where 'Betting in Play' on the selected market is available. Where it is not available, bets will be valid if they are placed within five minutes of kick-off, providing there has been no score in the match or no player has been sent off. If a player has been sent off or there has been a goal, or a penalty has been awarded but not yet taken, then the bet will be void and the stake returned. For bet in play matches, bets are usually accepted up to the 87th minute although market availability may change depending on the circumstances of the match. Bets on matches played at neutral venues will stand, unless the official fixture lists different team details to our scheduled match - bets in this scenario are void. A club team playing a European competition is classed as playing at home if the fixture is on a typically neutral ground - i.e. Arsenal and Tottenham playing Champions League home games at Wembley. If a match is no longer played at the venue advertised, bets will stand as long as the venue remains in the same country and is not switched to the opponent's ground. Should this occur, all bets will be void. For International tournaments if the Host venue is changed bets will still stand. If an official fixture lists different team details to our scheduled match (e.g. 'XI', Reserves/U-12ix/U-18s/Development, Youth team or similar), then bets will be void. This includes where an entire team is replaced by a 'lower level' squad at short notice due to unforeseen circumstances (such as medical restrictions). Where a scheduled match is listed with any of the above details or as a 'Club Friendly', all bets stand regardless of the players used to complete regular play, with all prices subject to fluctuation.

Postponed Events - For any cancelled or postponed event, any bets struck prior to the scheduled start will be void. All bets stand on any event that is delayed prior to the scheduled start time and takes place on the same day. 46. Lotto/Number Bets

Acceptance of Bets - Bets are accepted on the outcome of selected lottos as displayed in shop up until the advertised 'cut-off' time. For example, the Irish National Lotto draw takes place on Wednesday and Saturday evening with bets accepted up until 7:45pm. Bets are accepted on the UK Lotto and EuroMillions in ROI shops only. Bets on lottos that are exclusively available on the self-service betting terminal in selected shops can only be accepted via the terminal itself (will be deemed void if inadvertently accepted 'over the counter'). Unless otherwise specified, these events cannot be combined in accumulative bets, e.g. a bet on the number 41 on two consecutive 49's draws in a double cannot be accepted. Lotto bets cannot be combined with other events (e.g. horse races) in multiple bets. Bets are accepted on all lotto draws until a 'no more bets' message is given. Bets accepted after the 'no more bets' message will be void unless it can be confirmed that the bet was accepted prior to the draw accually starting. The bonuses and consolations associated with our speciality bets do not apply to lotto bets, e.g. the double the odds bonus on one selection correct in a Lucky 15 will not be paid. If one of the scheduled draws does not take place, bets will stand for the next draw to take place unless it is cancelled by mutual consent before another draw is made.

Incorrect Bet Instructions

Unclear Selection - 16 a number detailed on a betting slip cannot be understood, the number will be treated as void and the odds will only apply to the numbers that can be understood and one number that cannot, it will be settled on the odds which apply to the '2 numbers correct' section.

of two numbers that can be understood and one number that cannot, it will be settled on the odds which apply to the '2 numbers correct' section.

Selections Repeated - If a number is repeated it will be ignored and the bet will be settled on the valid numbers chosen at the appropriate odds, e.g. if four numbers are chosen on an Irish Lotto bet, but the number 23 is repeated, the bet will be settled as a three number bet (23 will only be included once).

Error Regarding the Draw - If no draw is specified the bet will be placed on the next available draw. Where a draw is specified by date and/or time and by name, but is placed late, the bet will be void. Where a draw is specified by name, for example "lunchtime draw", but is placed late, then it will be settled on the next draw matching the specification i.e. the following day's lunchtime draw, unless cancelled by mutual consent prior to that draw. If the day or draw has not been specified on an Irish Lotto bet, the bet will be settled on the next available draw. If the 6 or 7 number draw has not been specified on the next available draw is specified, the number selected will apply to the number of draws in a row, e.g. if four draws are specified on a bet, the numbers selected will count for the next four draws to take place after the bet has been accepted.

17. OTC Roulette Rules Summary (Republic of Ireland Only).
OTC Roulette is an over-the-counter ('OTC') version of roulette, based on the principles of a standard roulette game and standard roulette wheel. It is available in all Ladbrokes shops in the Republic of Ireland.
2. OTC Roulette results are delivered through an independent random number generator to which Ladbrokes has no access. OTC Roulette is subject to rigorous third-party certification.
3. Bets are struck at the counter using specific OTC Roulette slips, available within the shops.
4. Unless otherwise stated, the next event will always be deemed as the one upon which a bet is made.
6. Bets on the next event may be accepted only up to the official off time. After this, no bets can be made on the next event.

the next event.

6. The minimum stake per bet is €1 per event. The maximum payout for any one bet is €10,000.

7. Only the following bets are accepted on OTC Roulette:
Single number, streets, rows, odd/even, high/low and red/black. Any other bet type will be deemed void.

8. Only results displayed on the Roulette screen after the event will be deemed valid and will stand. If for any reason an event or result is not displayed, bets on that event will be void, with stakes refunded.

48. Gaming Machines / Fixed Odds Betting Terminals (FOBTs) (NI)
Once the bet button is selected, a Random Number Generator (RNG) connected to a server in a different location to the shop, generates a 'draw' result and sends it to the terminal, which is then displayed as a representation of the draw. If for any reason a draw does not take place, the bet(s) placed will stand for the next available draw - if the system cannot provide another draw within 10 seconds, it will void the bet(s). A display on the screen will notify the customer if this happens and the balance will be adjusted. The minimum and maximum stakes will depend on the type of event selected. Specific rules for each event are displayed on the terminal. Winnings will be paid on production of a valid bar-coded receipt printed by the terminal. Returns will be paid once the receipt has been checked against the payment validation unit (PVU). The PVU communicates with our central server and holds all transaction details for the terminal. The PVU data is the only true record of any returns on the machine. Ladbrokes are not responsible for the failure of machines to operate correctly - any faults that do occur should be reported to the shop manager immediately. We may ask for an engineer's advice prior to the payment of any claim.

49. 6 to WIN

49. 6 to WIN

to WIN is a bingo style betting event available in selected Ladbrokes retail shops. An independent random number generator will draw 35 numbers from 1 to 49 and the customer has to select 6 numbers (or more if permutated). The quicker the 6 numbers come out of the draw, the higher the value of the thin will be determined by whatever the value of the 6th number that comes out in the draw is. This will be indicated on betting slips and in shop marketing. If all 6 numbers do not come out of the draw, the bet is a loser. Multiple permutations of 6 numbers can be selected by i) choosing up to 10 numbers; or ii) using the lucky dip function. The player will stake against each permutation – for example, a €/£1 stake on 7 permutations of 6 will be a €/£7 bet. If a different stake is selected, then prizes are scaled accordingly. For example, if the matched prize is €1,000 and the amount staked was €/£1,000 then the following would be awarded - €/£1,000 x 0.20 = €/£200. The bet(s) will be placed automatically starting with the next draw(s) to take place after the bet placement. The maximum payout is €/£100,000 per customer per event. The total minimum stake per bet is €/£1. There can be only one return per 6 number permutation. For example, if 6 numbers are matched on the 20th number, the return to a €/£1 stake is €/£50, not €/£50 + subsequent matches. If for any technical reason a scheduled draw does not take place, bets associated with that draw will be void and stakes refunded.

50. Self Service Setting Terminal Kules
General Terms and Conditions for Betting Terminals in Ladbrokes Shops
The maximum amount that can be won via the betting terminal ("Terminal") is displayed in the Terminal rules.
Ladbrokes Specials do not apply. The prices offered on the Terminal may differ from the prices available elsewhere in the shop. All bets placed on a Terminal will be settled at the decimal odds offered on the Terminal at the time the bet is struck irrespective of whether the customer chose to view the odds in fractional or American odds formats (which are provided for customers who prefer those formats to compare relative value). The only exceptions to this are where there is an option to place a bet at SP on a horse or greyhound race or where an obvious error has occurred in which case the correct odds will be applied to the bet. Winning bets placed on a Terminal can be collected at any Ladbrokes shop in the country in which the bet was placed. Returns will be paid to customers on surrender of their receipt. You agree that you will seek to claim any winnings as soon as possible after a winning bet is settled.

Betting Rules - Bets placed via a shop betting terminal will be settled in accordance with these Rules except where otherwise indicated by the rules displayed on the terminal itself. A 'Cash Out' facility is available on selected Terminal markets allowing customers to choose to take a return on their bet prior to the market(s) on which they placed the bet closing. See Terminal rules for full details.
